

Commercial Specialised Security Training

OAM

Osprey Asset Management Pty Ltd (OAM) is an experienced provider of specialised training within the commercial sector in Australia and the Developing World. This training has been designed to meet specific commercial requirements.

OAM remains flexible in its capacity to design training to meet a specific request. A strength of OAM's trainers is the ability to work in small teams in a cross cultural environment. Examples of specialised commercial security training are as follows;

- Facility Security Officer
- Security Management Training
- Security Supervisor Training
- Maritime Security;
 - Port Facility Security Officer
 - Company Security Officer
 - Ship Security Officer
- Maritime Anti Piracy
- Commercial Investigations
- Roping and Climbing
- Defensive Driving
- Off Road Driving
- Police and Military training.
(Please contact OAM for further information.)

Training can be designed to meet specific requirements and will only be provided to clients subject to end user limitations imposed by Australian authorities.

Facility Security Officer

To introduce selected employees into the concepts of industrial security in order for them to act in the role of Facility Security Officer within a commercial environment.

Security Management Training

The aim of this course is to train selected national security managers in the principles and procedures of security management in order to equip them to work effectively as security managers within a corporate setting.

Security Supervisor Training

To train selected national guard force supervisors in the principles of guard force management in order to equip them to work effectively as a guard force supervisor.

Commercial Investigations

The aim of this course is to train selected national personnel in basic criminal investigation process in order to equip them to conduct simple criminal investigations for company purposes.

Maritime Security

All aims are in accordance with the requirements of the ISPS.

- Port Facility Security Officer
- Company Security Officer
- Ship Security Officer

Maritime Anti Piracy

Train selected vessel crew members in the principles and practicalities of maritime anti piracy in order to equip them to work effectively as a team member to deter maritime piracy whilst underway or at anchor.

Roping and Climbing

To train selected national personnel in the skills required to work safely at height.

Defensive Driving

To train national personnel in the skills required to operate a light vehicle safely in all road conditions by day and by night.

Off Road Driving

Train national personnel in the skills required to safely operate a four wheel drive vehicle across difficult terrain under varied conditions.
